On a separate sheet of paper, please respond to the following four items, supplying as much specific evidence as possible. Your replies should be complete, but succinct. The use of bullet points is acceptable and recommended. Limit your response to 500 words.

1. Describe an instructional technology project that you would be interested in pursuing, and explain how it directly supports your course(s). Please include the title of your project.
2. Identify the benefits the project will bring to, 1) the students, 2) you, the instructor, and 3) the individual department.
3. State how this use of technology complements your personal teaching philosophy.
4. Indicate the amount of time you have to devote to a technological project during the spring term (i.e. total number of hours, hrs/week, etc.).
5. Submit a detailed budget.
